Hi Judith-

Thanks for your message and for the heads up. I'll ask my folks here and see if there are any follow-up questions to pass along.

-Robert

Dear Robert,

I just wanted to touch base with you to see if you and/or your team had any additional questions, as I will be taking Friday off before the long weekend.

Also, I know that Mike Walls informed you of an EPA meeting request made last week on behalf of the CCD members. It looks like that meeting will be Tuesday, May 30. In addition, we've prepared a letter to Administrator Pruitt highlighting the chrysotile asbestos issue from our perspective; I'm not exactly sure when that letter will be sent but wanted to make you aware.

Let me know if you need any other information. I will be following emails and can be reached by cell, 703.622.4895.

In advance, have a wonderful Memorial Day weekend with your family and friends,

Judith

Dear Robert,

I'm back in the country and wanted to touch base with you to see if you have any additional questions.

I am flying to Baton Rouge this morning for a meeting but other than that will be following emails.

Thanks a million,

Judith

Dear Robert,

Please find attached the ACC Chlorine Chemistry Division's response to your request for additional information. I apologize for my delay in getting this to you, however, I trust you will find this information helpful. Please let me know if you have any other questions. I will be out of the country next week but will be following emails.

Have a wonderful weekend and Mother's Day with your family,

Judith
